Important Notice- Boil Water Notice from FGUA

Boil Water in Lehigh Acres, FL

Published on: Wednesday, October 27, 2021

System: Lehigh Acres

Status: Boil Water in Effect

Cause: Service Line Broken

Customers Impacted: 400

Effective Date: October 27, 2021

Completion Date: October 30, 2021

Detailed Info:

(Lehigh Acres) The Florida Governmental Utility Authority (FGUA) has issued a Precautionary Boil Water Notice Advisory as of Wednesday, October 27, 2021 to all residents within the Westminster Golf Club Community in Lehigh Acres due to a spontaneous break of a 12-inch water main at the corner of Golfview and Kenneth Avenue, at approximately 11:30 AM. Areas surrounding this community may have experienced low pressure.

The water main has been repaired and services have been restored. Samples of the water were taken to a Florida Department of Health-certified laboratory and the notice will be lifted once samples show the

water is safe to drink. A rescind of the notice is anticipated by Saturday, October 30th, 2021.

The FGUA provides a Boil Water Notice Advisory under Florida Department of Environmental Protection (FDEP) requirements in the event that water pressure drops below 20 pounds per square inch in the service area. In the meantime, the FGUA advises that all water used for drinking or cooked be boiled. A rolling boil for a period of one minute is sufficient to ensure the water is free of possible bacteria or viruses. Alternatively, bottled water may be used.

For additional information or updates, please revisit the FGUA Outages and Notices Page, or please contact the FGUA Lehigh Acres Utility Systems Customer Service Office at (239) 368-1615.
